RE within the Diocese of Ely

Introduction

The Diocese of Ely works closely with the local authority and SACRE to ensure that all schools (church and community) have the opportunity to deliver quality RE lessons as an academic subject.

The Diocese of Ely has secured funding to supply every church school with the foundation resources it needs to be able to deliver high quality RE across all religions.

Potential challenges for RE teaching

- Many primary teachers are non-specialists in RE.
- Many primary schools used Understanding Christianity as a resource, but had no set resource for world religions.
- Many schools did not have adequate detailed schemes of work for the delivery of world religions (Hinduism, Islam, Judaism, Sikhism) and worldviews (Buddhism and Humanism).
- Some schools have had a superficial approach to world religions due to lack of specialist knowledge.
- RE takes up 5% of the curriculum.
- RE subject leadership, particularly in small schools, is predominantly held by non-specialists, who have responsibilities for additional subjects.
- RE is sometimes linked with History and Geography as a Humanities subject.
- RE taught in a cross-curricular way is not a substitute for discrete RE teaching.

RE within the Diocese of Ely - action plan

Luke 6:48 – building upon solid and secure curriculum foundations

1 Thessalonians 5:11 – support and encouragement for each other

IMPLEMENTATION

In the Diocese of Ely, all schools have free choice in the implementation of the intent of RE teaching.

Curriculum may be designed in 50:50, 66:34 or 50%+ ratios according to the formal or former designation of the school or academy.

IMPLEMENTATION

In the Diocese of Ely, all schools have access to the same foundation of quality teaching resources for all religions and worldviews:

- Understanding Christianity scheme of work and frieze;
- Emmanuel Project 2020 scheme of work and teaching resources for world religions (2020);

IMPLEMENTATION

A bespoke and flexible approach is promoted within the diocese:

- flexible variety of long-term plans for VC / VA schools and academies to incorporate UC and EP within the parameters of the Locally Agreed Syllabus (Cambridgeshire, Peterborough and Rutland, Norfolk, Suffolk);
- UC / EP2020 / RE Co-ordinator training;
- Support from the Diocese of Ely Senior Officer for SIAMS, RE and Governance.
- Support from UC Trainers from Diocese of Ely schools and external EP2020 training.

IMPLEMENTATION

Each school implements their RE curriculum according to their context, their trust deed and their formal school designation (or former designation for academies).

The curriculum should be well-structured and logically sequenced, building upon prior knowledge and hence showing clear progression of knowledge and skills over time.

Mixed year group curriculum plans may need additional work to ensure that progression and skills are appropriate for each year group.

Further information for each school can be added at this point.

IMPACT STAFF

It should enable innovative and inspiring pedagogy to flourish across all schools with the creation and sharing of high-quality resources within professional learning networks of peers.
